REPORT OF COUNCIL

To the Members, at the Annual General Meeting, Wednesday, February 28th, 1894.

I. SESSION 1892–93.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1623, being an increase of 156 on that of the preceding Session. Of these 1122 were Students in the College, and 501 Pupils in the School. Of the Students, 352 belonged to the Faculty of Medicine, 113 being new Students: in the Faculties of Arts and Laws and of Science there were 770 Students, 492 being new Students. The largest number of Boys in the School in any one Term was 416.

In the Faculties of Arts and Laws and of Science these figures show, as compared with the preceding Session, an increase of 158 in the new Students and a total increase of 211; and in the Faculty of Medicine an increase of 6 in the new Students, but a net decrease of 17.

The Fees received (exclusive of those for Clinical Instruction) amounted to £24,700 14*s.* 6*d.*, being £393 15*s.* 0*d.* more than in the Session 1891–92.

The details for the two Sessions compared were as follows:—

	1892–93.			1891–92.		
	£	*s.*	*d.*	£	*s.*	*d.*
Faculty of Medicine	5,190	13	6	4,938	13	6
Faculties of Arts and Laws and of Science.....	10,066	7	0	8,540	14	0
School	9,443	14	0	10,827	12	0
	£24,700	14	6	£24,306	19	6

In addition to the above-stated amounts, the sum of £2,031 15*s.* 0*d.* was received for Clinical Instruction in the Hospital, making a total of £7,222 8*s.* 6*d.* paid by Students of the Faculty of Medicine in the Session.

The share of fees paid to Professors, Teachers, and Masters amounted to £17,309 19*s.* 11*d.*

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division

at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was awarded last year to H. J. Saunders, who gained the seventeenth place in the Honours Division.

In 1893 25 pupils passed the Matriculation Examination of the University of London.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1888–89.....	513	514	498	508
1889–90.....	490	483	490	488
1890–91.....	474	488	498	487
1891–92.....	454	459	446	453
1892–93.....	416	415	404	412

From the Tables submitted it appears that 14 boys were entered in the Black Book last Session, the total number of entries being 18.

Four Scholarships, defraying half the cost of admission to the School for three years, will in July be offered for competition among boys between the ages of twelve and fourteen, whether already in the School or not.

THE BRANCH SCHOOL.

The Preparatory School at Hampstead is making satisfactory progress under the Head Master, Mr. C. Simmons. There are at present 69 boys in the School.

II. GENERAL FINANCES.

The excess of expenditure over receipts for the past Session was £1,233 16*s.* 0*d.*

There was at the end of the Financial year £2,098 7*s.* 7*d.* on the debit side of the Old Building Fund Account, and £8,061 9*s.* 11*d.* on the debit side of the Buildings Extension Account, 1890, representing expenditure on these accounts unprovided for by contributions.

III. THE CURRENT SESSION.

The entries of Students to February 1st, 1894, have been as follows:—in the Faculty of Medicine, 258, of whom 54 are new Students; in the Faculties of Arts and Laws and of Science, 725, of whom 375 are new Students and 302 Students in the Slade School. The entries in the School, in Michaelmas Term, were 390, of whom 47 were new pupils; in the present Term, 375, 32 being new pupils.

There are besides 69 Boys in the Branch School at Hampstead, making 444 in all.

The College Fees received to February 1st are £3,469 4*s.* 0*d.* in the Faculty of Medicine, and £9,929 6*s.* 6*d.* in the Faculties of Arts and Laws and of Science.

DEATHS OF MEMBERS OF THE COLLEGE.

Mr. E. Adams.
Prof. Marcus Beck.
Mr. W. Cubitt.
Rev. T. Darling.
The Earl of Derby.
Lord Ebury.
Mr. T. W. Evans.
Prof. Graily Hewitt.
Mr. W. C. Moore.
Mr. F. B. Nunneley.
Mr. W. Paice.
Mr. R. S. Philips.
Mr. George Prevost
Mr. R. Taylor.
Prof. Tyndall.
Mr. E. A. Wilde.

PROFESSORIAL APPOINTMENTS.

The College has suffered a very severe loss by the death of Mr. Marcus Beck, Professor of Surgery and of Clinical Surgery. The following resolution has been communicated to his relatives:—

> "The Council of University College hereby expresses its great regret at the death of Marcus Beck, M.S., F.R.C.S., Professor of Surgery in the College and one of the Surgeons to the Hospital. Mr. Beck was a most distinguished Student of the Medical Faculty, and was for many years a most successful Teacher in the Medical School, to which his death is a severe loss."

Mr. Beck's professional books have by his request been presented to the College and will be placed in the room allotted to the Professor of Surgery.

Mr. Arthur Barker, F.R.C.S., has been appointed to the Chair of Surgery in succession to Mr. Beck.

The Council have to announce with special regret the resignation by Dr. John Williams of the Chair of Obstetric Medicine, owing to the pressure of his professional work. The title of Emeritus Professor has been conferred on Dr. Williams. Dr. H. R. Spencer has been appointed to the vacant Chair.

Mr. R. J. Godlee has been appointed to the Clinical Professorship of Surgery vacant by the death of Professor Beck.

Mr. Pollard has been appointed Teacher of Operative Surgery *vice* Prof. Godlee resigned.

ENLARGEMENT OF THE COLLEGE.

The new Mechanical and Electrical Engineering Laboratories have now been completed at a cost, including apparatus, of about £18,000. As not more than £6,600 has been contributed by the public, the Council have met the cost by a loan from the College Bankers. They have good hopes that the London County Council will make an annual Grant towards the maintenance of this Technical Department, but they cannot expect that body to recoup them for the original outlay; consequently they must still appeal to the friends of the College to assist them to wipe out the debt which they felt bound to incur.

The Council are glad to report that the success of the Engineering School seems assured. It is already full, more than 100 Students having entered in the course of last term. It is a matter of great regret that owing to the absence of funds the uncompleted portion of the new wing cannot be finished at once.

The portion of the College vacated by the Engineering Students has been entirely reconstructed from plans by Prof. Roger Smith at a cost of about £3000, to form an addition to the Physical Laboratory, with the result that the accommodation for the study of Physics is now fully equal to that of the best Laboratories elsewhere.

Improved accommodation has also been found for the department of Hygiene, which now occupies the two rooms taken from the School which were temporarily allotted to Physics; and the room formerly occupied by the Professor of Hygiene furnishes extra accommodation for Bacteriology in connexion with the department of Pathology.

The old Engineering Drawing Office has been allotted to the newly established department of Egyptology. The Edwards Library, the Edwards Collection of Egyptian antiquities, have been arranged there in cases under the supervision of Professor Petrie. The Professor, who is now engaged in excavating in Egypt, purposes holding an Exhibition in the College in the course of the summer.

Nor is it only in connexion with the new buildings that the Council have to report improvement. The Chemical Laboratories, the Slade School, are also full to overflowing, and a healthy activity characterizes all departments of the College.

DAY TRAINING DEPARTMENT.

The number of Queen's Scholars in the College has reached 28; the Council have decided to offer three Scholarships of £30, £20, and £10 each tenable for two years, and they trust that in this way the best Students will be attracted to the College. The question of the admission of Women in the department is now under consideration.

FREE PUBLIC LECTURES.

The following Public Lectures were delivered in the Second Term, and the Council are much indebted to the Lecturers for their services:—

"Horace Walpole." Professor Ker, M.A.
"Art and Thought in India." R. W. Frazer, Esq., B.A., LL.D.
"Schopenhauer." R. B. Haldane, Esq., M.A., Q.C., M.P.
"Probability in Fiction." Professor Sully, M.A., LL.D.
"Great Generals as Statesmen." Professor Montague, M.A.
"Travelling." Professor J. Russell Reynolds, F.R.S.
"Electric Lighting in London." Professor A. B. W. Kennedy, F.R.S.

STUDENTS' UNION.

In response to an appeal which was received from Students representing various sections of the College, the Council has agreed to the establishment of a Students' Union Society and has placed three rooms at the disposal of the Society to serve as club rooms for the use of the members. With this Society are associated all the principal Athletic Clubs of the College as well as the Debating Society. A large number of Students have already joined the Union, but to make the project a complete success it is important that a recreation ground shall be permanently secured. The Council regret that the finances of the College do not permit the carrying out of this part of the scheme, but desire strongly to recommend it to those who are interested in the physical welfare of the Students.

ENDOWMENTS.

The Council report with great pleasure that the Trustees appointed by the late Mr. Justice Quain—the Earl of Selborne, Mr. Justice Chitty and Mr. W. A. Jevons—have made over to the College the sum of £10,000 (which with the accumulated dividends now amounts to over £12,000) which was left by Mr. Justice Quain for the promotion of the study of Comparative Law. A deed providing for the proper administration of the Income of the Quain Law Fund has been signed and sealed, and the Council have appointed a Committee to advise them as to the selection of a Professor.

The late Earl of Derby, who was a Life Governor of the College, left £2,000 to found a Scholarship here. It has been decided to establish a Research Scholarship in Zoology tenable for two years: the first award will be made in 1895.

PEEL MEMORIAL FUND.

The income of the Fund in 1893 was expended in the purchase of books, &c., presented to the Working Men's Club and Institute, Snodland, Rochester, the Working Men's Club and Institute, Sowerby Bridge, Yorkshire, and the Lancashire and Yorkshire Railway Mechanics' Institute, Horwich.

LIBRARY.

The Supplement to the Library Catalogue has been set up in type as far as the letter L. It contains the Barlow Dante, Grant Literary, Quain Law, Fine Art, and Chemical Library Catalogues, as well as the other additions acquired previous to 1887.

Lists of additions from 1887–92 have been printed, and a list for 1893 is in preparation.

The Catalogue-printing fund, however, being the late Mr. Sharpe's donation of £1000, is exhausted, and the Council appeal to Members of the College to assist them, by subscriptions, to finish the printing of the Supplement.

The books on Surgery bequeathed by the late Professor Marcus Beck, about 500 volumes, have been received, and a special catalogue of them has been made. The books will be placed in the room belonging to the Professor of Surgery, in accordance with the wish of the donor.

The Royal Society have presented from their own Library about 230 volumes of literary and historical transactions of continental academies and societies, mostly well bound.

The Council desire to take this opportunity of acknowledging the great liberality of the Trustees of the British Museum, who for many years past have been in the habit of presenting their valuable publications to the Library of the College. During the past year thirty-seven volumes were received from the Trustees.

The other donations to the Library during 1893 were as follows:—

HOSPITAL.

The Committee regret to announce that they have been unable to make any further progress with the Hospital rebuilding question, a movement which has been referred to from time to time in past Reports. Up to the present time about £28,000 has been paid or promised towards the Rebuilding Fund, but building operations cannot be commenced until £30,000 is guaranteed.

Since the last Report the property to the West of the Hospital has been purchased, and thus the whole area of land bounded by Gower Street, University Street, Huntley Street, and Grafton Street will ultimately be available for the rebuilding of the Hospital.

The Committee have with sincere regret further to announce the deaths of Dr. Graily Hewitt, F.R.C.P., late Obstetric Physician to the Hospital, and of Mr. Marcus Beck, M.S., F.R.C.S., Surgeon to the Hospital, both of whom during their long connection with the Institution rendered the greatest possible service to the large number of sick poor who passed through their hands.

The following resignations, promotions, and appointments have taken place on the Hospital Staff, viz. :—

(i) Resignation of Dr. John Williams, F.R.C.P., Obstetric Physician and appointment as Consulting Obstetric Physician.

(ii) Appointment of Dr. Herbert Spencer as Obstetric Physician *vice* Dr. John Williams, resigned.

(iii) Appointment of Dr. G. F. Blacker as Assistant Obstetric Physician.

(iv) Mr. Victor Horsley, F.R.S., was appointed Surgeon to the Hospital, and Mr. Raymond Johnson Assistant Surgeon.

(v) Resignation of Mr. S. J. Hutchinson, Dental Surgeon, and appointment of Mr. Sidney Spokes to succeed him.

(vi) Appointment of Mr. F. V. Bunch, F.R.C.S., Surgical Registrar, *vice* Mr. G. B. M. White, F.R.C.S., resigned.

During the past year no increase has taken place in the number of beds and cots endowed. At the present time 11 beds and cots are endowed, and the Committee would make it widely known that this excellent method of perpetuating the services of any individual, or the memory of any deceased friend or relative, can be carried out by contributing £2,000 in one sum, or by instalments, for investment.

The debt at the close of the year 1893 exceeded £8,000, and the Committee therefore earnestly appeal for additional Subscriptions and Donations.

Return of Services of the Members of Council from January 1st to December 31st, 1893, inclusive. Meetings of Council 12, of Committee of Management 20, of Senate 6.
